

IOMSC GENEVA **THOUGHT LEADER SUMMIT**

May 21-22, 2026 / Participant Handbook

IOMSC is a collaborative of more than 50 National Occupational Medicine Societies in 48 countries, whose 30,000+ members strive to improve the health & safety of over one billion workers throughout the world.

IOMSC is also a World Health Organization (WHO) global collaborating centre, and works closely with the ILO, and we are delighted to have opening remarks from health leaders from WHO and ILO. The meeting will involve you and about 60 individually selected thought leaders – including corporate Chief Health Officers, workplace health leaders from Academia, leaders from other worker health organizations and Presidents from Occupational Medicine Societies that are members of IOMSC.

Contact numbers of IOMSC leaders:

- **Ron Loeppke**, MD, Co-Chair: +1 615-289-5393
- **Richard Heron**, MD, Co-Chair: +44 7920 586890
- **Nick Pahl**, Executive Director: +44 7969279149
- **Rose Wood**, International Coordinator: +44 7740088321

AGENDA

Global Thought Leaders Meeting: Supporting Priorities for Global Worker Health

DAY 1 (MAY 21)

7:30am **Coffee**

8:00-8:30am **Welcome/Introduction**

Ron Loeppke, MD
Richard Heron, MD
Peter Connaughton, MD [IOMSC]
Joaquim Nunes [ILO]
Manal Azzi, PhD [ILO]

8:30-9:30am **Session 1**

Business Case, Mental Health and Climate Change work streams' outputs

Investing in improving/maintaining employee health	Dr. Loeppke and Business Case Workgroup
Mental health	Dr. Heron and Mental Health Workgroup
Climate change and heat stress	Dr. Connaughton and Climate Change Workgroup

Workstreams share guidance and next steps for discussion.
Attendees are encouraged to share best practice examples.

9:30-10:00am **Coffee break**

10:00am-noon **Session 2**

AI and the changing nature of workplaces, workers and workforce health

AI use cases impacting workplaces, workers, their health and productivity – risks and opportunities	Keynote presentation: R. Mukund, CEO, Benchmark Gensuite
AI in practice – from concepts to concrete, operational use cases that improve workforce health outcomes	Panel session of CMOs/OH leaders moderated by Jeff Donnell: – Anthony Harris, MD [Amazon Global CMO] – Robina McCann, MD [Anglo American CMO] – Stephanie Eckerle, Attny [Krieg DeVault] – Diana Han, MD [Unilever CHWO]

Noon-12:45pm **Lunch break**

DAY 1 (CONT.)

12:45-1:45pm

Session 3

Updates from ILO: Current and Future Priorities

- Manal Azzi, PhD (Team Lead on Occupational Safety; Health Policy and Systems)
- Francisco Santos O'Connor, MD (Team Lead on Standards and Technical Guidance)
- Laetitia Dumas (Team Lead on Partnerships and Operations)

1:45-2:45pm

Session 4

The Role of the CMO in the Changing Nature of Occupational Health

Delegates share their top priorities/concerns/strategies

Group interaction session:
"What's top of your mind?"

2:45-3:45pm

Session 5

Leadership in Workplace Health – Creating an IOMSC annual global review of workplace health: risks and opportunities

Understand opportunities/threats to business

Produce an annual IOMSC global review of work and health

3:45pm

Summary and comments from all attendees

5:30pm

IOMSC reception at INTERCONTINENTAL GENÈVE
Chemin du Petit Saconnex 7-9, 1209, Genève

DAY 2 (MAY 22)

9:00-10:45am

Session 6

Physician Prompt Thyself

Embracing AI to build value and sustain the role of occupational health in worker health, wellbeing and organizational strategies

Delegates to share experience and best practice examples

10:45-11:00am

Coffee break

11:00am-noon

Session 7

Call to Action

Open discussion to share what we have heard from participants and agree to next steps

Interventions from existing workstreams
New workstreams for 2026/2027
Ways to improve from the 2025 proceedings, and highlight priorities and learnings

The funding sponsors will also be available to share their technologies and existing AI use cases. Attendees encouraged to review how current AI can benefit and impact health, safety and wellbeing for their organization.

ATTENDEES

IN-PERSON

ACOEM	Jill Rosenthal MD	President
Advocate Health	Dr. Brian Konowalchuk	CMO
Amazon	Dr. Anthony Harris	Global CMO
Anglo American	Dr. Robina McCann	Head of Health
AstraZeneca	Dr. Gleb Chigirinsky	Global Occ Health Lead
BP	Dr. Steve Iley	VP Health
BT Plc	Dr. Elschen Kotze	Head of Health
CN Essentials	Dr. Ahmed Elmezughi	CMO
Compass Group	Dr. Paul Litchfield	Chief Medical Advisor
Corteva	Dr. Cynthia Maranhao	CMO

VENUE

Venue: International Labour Organisation (ILO)
Geneva, Switzerland

Address: 4 route des Morillons

Phone: +41 22 799 7954

ACCESS TO THE BUILDING

Registration is at **Door 5 (R2-P1) R2 north**. Follow the arrows and instructions.

By car:

Parking is available if you plan on driving to the ILO headquarters.
However, please let us know so we can inform security.

By taxi:

Taxis will need to use the visitors' entrance off Route des Morillons. After the barrier, the taxi will take you straight to the security gate level.

By bus from Cornavin train station:

Take **bus 8** bound for Palexpo or **bus 60** or **61** in direction to Ferney, Mairie or Gex, L'Aiglette and get off at OMS-BIT (approx. 15 minutes).

By bus from the airport:

Take **bus 5** bound for Thônex-Vallard and get off at Le Pommier where you change to **bus 22** bound for Jardin Botanique and get off at OMS-BIT (approx. 15 minutes). The bus stop at the airport is on the departure level, one level above the arrival hall. If you go out of the departure hall and walk towards left, you will see the bus stop.

Bus ticket:

Tickets can be bought from a ticket machine at the bus stop. Press the button circled in red for a ticket valid for 1 hour (CHF 3.-). Alternatively, you can buy a daily ticket for CHF 8.- (valid from 9h to 24h) or CHF 10.- (valid all day). Please note that most hotels will give you a free ticket for public transports every day upon request (Geneva Transport Card). You can also pick up a free ticket for public transport from the machine in the baggage collection area at the arrival level.

For information on public transport <http://www.tpg.ch/en/web/site-international>

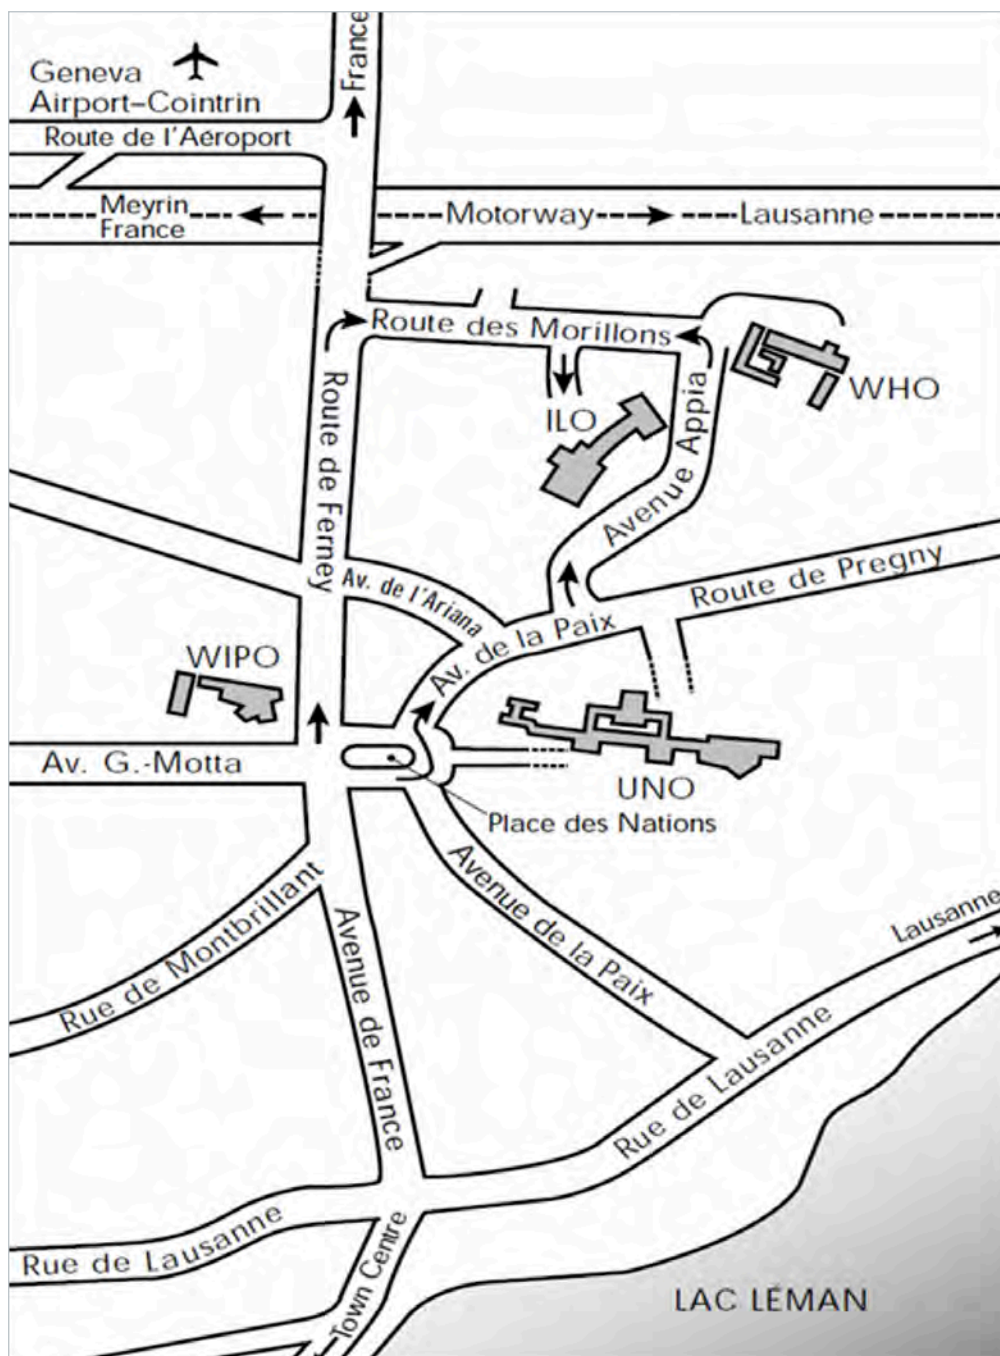

Access to the RDW registration desk (Door 5, R2-P1):

From the bus stop, go down the slope towards the underground parking entrance. Turn right at the entrance and follow the signs straight along the wall, until you see a door on your right and an escalator inside. Take both escalators and you will arrive at the R2 level-Door 5. The registration is done in the car park's cabins (R2-P1). This is where you must register and collect both your security and conference badge. **Please have ID ready.**

ILO badges:

The security badge will be provided to you upon your arrival. These should be handed back to security (or put in the box at the security gates on R2 and R3 South/North) at the end of the conference or upon your final departure.

ACCESS MAP

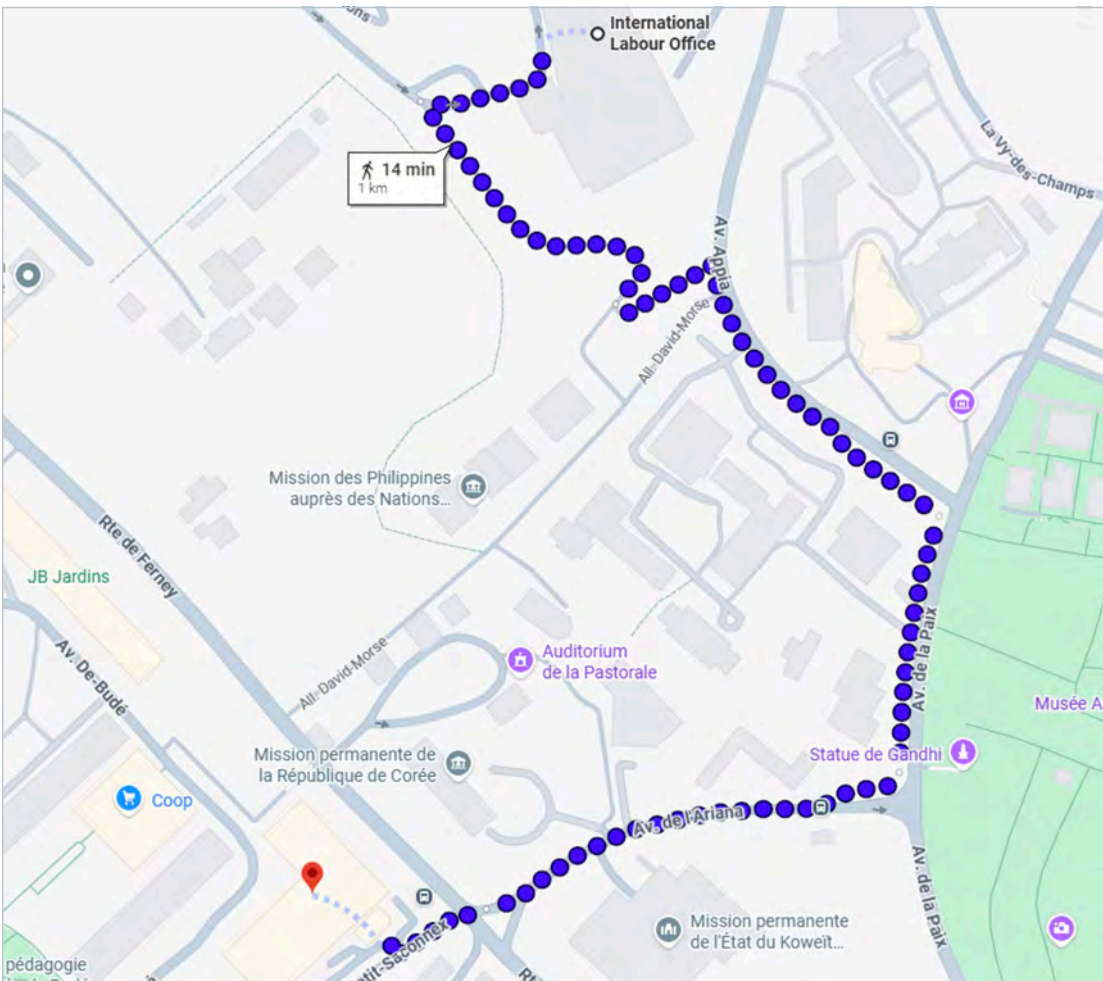

REGISTRATION

EVENING RECEPTION

The evening reception will be held at the Intercontinental Genève, a 15 minute walk from the ILO Headquarters.

Intercontinental Hotel, Chemin du Petit Saconnex 7-9, 1209, Genève

Occupational Health and Safety Concerns in the Artisanal and Small-Scale

Mining Sector: Reporting on findings from Brazil, Colombia, Uganda and Zimbabwe

iheed/IOMSC Scholarship

iheed, in partnership with the Royal College of Physicians of Ireland (RCPI), delivers high-quality online medical education. Among the various diploma programmes offered is the RCPI-accredited Professional Diploma in Occupational Medicine, which has been successfully running for the past three years.

iheed is proud to collaborate with the International Occupational Medicine Society Collaborative (IOMSC) to offer scholarships for doctors from low-and middle-income countries. Sponsorship for one student is €2,500.

Please contact will@ponsonbyoh.com if you are interested in sponsoring.

GETTING AROUND GENEVA

Free Geneva Transport Card

Anyone staying in approved accommodation in Geneva is entitled to a free transport card.

Contact the accommodation where you will be staying, which must be registered with Geneva Tourism & Congress. If it isn't, please ask the host to contact us directly. Three days before arrival, you will receive an e-mail from the accommodation with an online form to fill in to receive your Geneva Transport Card. Don't forget to check your spam if you haven't received the form.

PARTNERS

The **International Occupational Medicine Society Collaborative (IOMSC)** seeks to improve worker health and workplace safety on a global scale. The organisation's assembly brings together occupational medicine leaders from 52 member societies in 46 countries to collaborate on key issues and best practises, impacting more than 1 billion workers worldwide.

The **International Labour Organization (ILO)** plays a crucial role in supporting member states by providing knowledge and practical solutions to address various challenges related to workplace safety. Through its resources, research and guidance, the ILO helps governments, employers and workers stay informed about best practises, emerging risks and effective policies. This collaborative approach not only enhances safety standards but also ensures that all stakeholders are equipped to create safer and healthier work environments.

The **World Health Organization** leverages 8000+ of the world's leading public health experts to coordinate response to health emergencies, promote well being, prevent disease and expand access to health care. Its doctors, epidemiologists, scientists and managers worldwide represent 194 member states. The World Health Assembly is WHO's highest level decision-making forum. Every year, delegates from all Member States convene at the World Health Assembly to set priorities and chart a course for global health progress.

Enterprise Health is one of the largest providers of occupational health software in the world, with clients in over 50 countries, nearly a dozen languages and serving several million employees globally. It is the only comprehensive employee health record that combines occupational health and compliance, clinical care and employee engagement and is built on a certified EHR platform – delivering a complete occupational health IT experience on a single, highly-interoperable, cloud-based solution.

Benchmark Gensuite® delivers AI-forward, best-in-class digital EHS, Sustainability, Quality and Risk solutions for global enterprises. More than 3 million users across a wide range of industries proactively manage risk, ensure compliance, and accelerate performance using its cloud-based technologies. With over two decades of domain expertise, award-winning customer service, and a commitment to continuous innovation, Benchmark Gensuite is the trusted partner of choice for organisations looking to achieve both operational excellence and strategic impact.
